

Literacy

Romeo and Juliet by William Shakespeare

Outcome: To write a diary entry from the perspective of Romeo

Beowulf

Outcome: To write an overcoming the monster story.

Geography (1st Half Term)

Invaders and Explorers

In this unit, we will be learning the names and locations of the continents and major cities within Scandinavia. We will explore the difference between human and physical features and understand how the position on globe dictates a difference in climate.

Maths

This term we will be focusing first on place value with numbers to 10 million. After this, we will be recapping and revising formal methods with the four operations of addition, subtraction, multiplication and division. Next, will be focusing on fractions by finding equivalence as well as using the four operations. We will look at converting a variety of measures.

After half term, we will be continuing to focus on the formal methods for multiplication and division. Next, will be focusing on fractions by finding equivalence as well as using the four operations. Finally, we will look at converting a variety of measures.

History (2nd Half Term)

British Settlers: Anglo Saxons and Scots

In this unit we will be focusing on settlers to Britain. We will consider why people decided to come to settle

Art & design (1st Half Term)

Pop Art

We will investigate how and why Pop artists from the 1960s to the present day created art.

Outcome: To make art in a medium of choice on a topical contemporary theme.

RE

Creation and science: conflicting or complementary?

What does it mean to be a Muslim in Britain today? (Tawhid/iman/ibadah)

PE

This term, our focus in PE will be swimming **for year 5**, tag rugby and gymnastics.

Music

Children will learn to play the ukulele, with a focus on playing chords to accompany familiar songs. They will learn about how chords are formed and about the difference between major and minor chords.

MFL - French

Using the Rachel Hawkes resources to support, we will be learning about the following topics:

- Describing ourselves and others
- Saying what I and others have

Science

Properties, changes and separating materials

We will be learning about how materials can be described by their properties, how those properties can change, and how mixtures can be separated using different methods.

Forces including simple machines

We will be studying how forces affect objects and how simple machines make tasks easier by changing the size or direction of a force.

PSHE

Using Jigsaw, we will be looking at 'Being me in my world'.

Computing

- Communication and the Internet
- Creating Web Pages

Design and Technology (2nd Half Term)

CAMS: Automata

We will be designing moving mechanisms using cams to turn rotary motion into different types of movement, creating
